British National Formulary Edition 67

Obtaining a medical history, especially for peptic ulcer disease, H pylori infection, ingestion of nonsteroidal anti-inflammatory drugs (NSAIDs), or smoking, is essential in making the correct diagnosis. Gastric and duodenal ulcers usually cannot be differentiated based on history alone, although some findings may be suggestive.

Peptic Ulcer Disease Clinical Presentation: History ...

Co-dydramol is a non-proprietary name used to denote a particular compound analgesic, a combination of dihydrocodeine tartrate and paracetamol.Co-dydramol tablets are used for the relief of moderate pain.Co-dydramol is part of a series of combination drugs available in the UK and other countries including co-codaprin (aspirin and codeine

Co-dydramol - Wikipedia

Vitamin C (also known as ascorbic acid and ascorbate) is a water-soluble vitamin found in various foods and sold as a dietary supplement. It is used to prevent and treat scurvy. Vitamin C is an essential nutrient involved in the repair of tissue, the formation of collagen, and the enzymatic production of certain neurotransmitters. It is required for the functioning of several enzymes and is ...
