All of our rat cages are constructed of 1/2" x 1" wire mesh and each one has a drop in pan. Your pet has no access to the corners of the pan for a starting place to chew creating a secure habitat. Pans are larger than the outside dimensions of the cage, catching messes that might otherwise be kicked outside of ...

The rat cage dual unit comes equipped with two pans as well as three ramps with covers. There are two adjustable shelves as well. The double doors have got full width. The rat cage can be cleaned very easily as every part of the cage is easily accessible. When the animals have to be picked the accessibility is a big help.
