learning, computers & internet, business and fiction to novels and much more. That's not all as you can read a lot of related articles on the website as well.

En 13445 2

EN 13445 was introduced in 2002 as a replacement for national pressure vessel design and construction codes and standards in the European Union and is harmonized with the Pressure Equipment Directive (2014/68/EU or "PED"). New updated versions of all parts were published between 2009 and 2012.
