Home Health Face-to-Face Documentation. A physician must order Medicare home health services and must certify a patient's eligibility for the benefit. The face-to-face requirement ensures that the orders and certification for home health services are based on a physician's current knowledge of the patient's clinical condition.

Home Health Face-to-Face Documentation

Documentation must include: • “Face-to-face Encounter Certification” stated at the top • The patient’s name • Date of encounter • Signed and dated by the certifying physician
Crucial elements of explanation in the documentation: • Clinical findings/symptoms identified during the face-to-face encounter with the patient.

Face-to-Face Encounter Tip Sheet - MedStar Health

CMS implemented changes to the Face-to-Face requirements in January 2015 to reduce the administrative burden to home health agencies. Prior to these changes, physicians were required to complete a narrative as part of the Face-to-Face Encounter documentation. This requirement for this narrative was eliminated in January 2015.
