The Stockholm Convention is key to addressing the global threats of persistent organic pollutants (POPs) to humanity and the environment. It has been successful in identifying new POPs, but its national implementation remains challenging, particularly by low- and middle-income Parties. Concerted action is needed to assist Parties in implementing the Convention's obligations. This analysis ...

Gregg's also shows the scores of ball games with numerals, yet their example includes the word "to" rather than the en dash—3 to 1. But Gregg's ball-score notation is included in a section for a writing style (figure style—advertising, journalism, and technical/scientific writing) that emphasizes figures for numerals rather than ...
