Date of Invention: 1876 Inventor: Alexander Graham Bell. Telephone. Source: IMGBIN. One of the most remarkable inventions that changed the world and aided smooth communication between people. Graham Bell was born in Scotland but became an American later in his life. He is the first scientist to receive the patent for inventing the telephone.

Here's a List of 30 Inventions in the 1800s [Inventors Included]

Temperature scales differ in two ways: the point chosen as zero degrees and the magnitudes of incremental units or degrees on the scale. Commonly used scales. The Celsius scale (°C) is used for common temperature measurements in most of the world. It is an empirical scale that was developed by historical progress, which led to its zero point 0 °C being defined by the freezing point of water ...

The shocking, definitive account of the 2020 election and the first year of the Biden presidency by two New York Times reporters, exposing the deep fissures within both parties as the country approaches a political breaking point. This is the authoritative account of an eighteen-month crisis in American democracy that will be seared into the country's political memory for decades to come.
