Sliding puzzles can be incredibly difficult to solve, as anyone who's tried can tell you. Mathematicians categorize sliders as PSPACE-complete, which is a measure of their mathematical complexity. Essentially, it means that even computers find it hard to come up with a solution [source: Hearn]. There is no universal rule that lets you solve a sliding puzzle, though many stumped players wish ...

Concentration is an American television game show based on the children's memory game of the same name. Matching cards represented prizes that contestants could win. As matching pairs of cards were gradually removed from the board, it would slowly reveal elements of a rebus puzzle that contestants had to solve to win a match.. The show was broadcast on and off from 1958 to 1991, presented by ...

Concentration (game show) - Wikipedia

The puzzles were fun -- not too hard but invariably clever -- and the presentation was delightfully charming. The art was beautiful, and the writing perfect in setting a tone. I'm happy to say that all of these features have come over into the book intact, so this is a great way to catch up with old puzzle friends, or to make some new ones.
