Masked Input Plugin for jQuery. Notice: This project is no longer being maintained. I started this project over 10 years ago to fill a need for a side project I was working on at the time. Nothing ever became of that side project, but this little plugin lived on. Over the years it brought me joy to stumble on sites using this thing.

The JavaScript and JQuery book was published in 2014, and doesn't include any of the ES2015 changes made to the JavaScript language. This is a big deal. Sure, you can write JS without ES2015 syntax, but the newer way of handling asynchronous functions is a huge change in the language, not to mention the addition of classes, arrow function ...
