The Most Human Human by Brian Christian: 9780307476708 ...

Brian Christian’s The Most Human Human: What Artificial Intelligence Teaches Us About Being Alive is a 2012 nonfiction book about Christian’s personal journey to learn what separates a human from a machine. In an age of ever-more-advanced AI, he explores what computers are and are not capable of, embarking on a quest to win the title of the “Most Human Human” in the annual Loebner Prize competition.

The Most Human Human Summary | SuperSummary

The Most Human Human is a provocative, exuberant, and profound exploration of the ways in which computers are reshaping our ideas of what it means to be human. For the first time in history, we are interacting with computers so sophisticated that we think they’re human beings. This is a remarkable feat of human ingenuity, but what does it say about our humanity?

Summary and reviews of The Most Human Human by Brian Christian

(Spoiler alert: He won, and was named the “Most Human Human.”) The Turing Test, named for the British mathematician Alan Turing, is designed to figure out if a machine can fool a person into...

The Turing Test explained by the winner of the “Most Human ...

“To be human is to be ‘a’ human, a specific person with a life history and idiosyncrasy and point of view; artificial intelligence suggest that the line between intelligent machines and people blurs most when a puree is made of that identity.”

The Most Human Human Quotes by Brian Christian

Most aspects of human physiology are closely homologous to corresponding aspects of animal physiology. The human body consists of the legs, the torso, the arms, the neck, and the head. An adult human body consists of about 100 trillion (10 14) cells.

Book Review - The Most Human Human - By Brian Christian ...

The Most Human Humanis the result of his months of study, and in it he argues that, in the process of learning how to most effectively convey his humanness in conversation, he discovered valuable truths about what it means to be human. As he puts it in the introduction: “...the Turing test is, at bottom, about the act of communication.
