The Watchers . They first appear on the scene in Sumer. "Shumer", it seems, literally means the "Land of the Watchers". For the American author Zecharia Sitchin, they are alien beings whose specific task is to orbit the earth, monitoring events on Earth. For Sitchin, the Watchers are not a "race" or a "species", they are merely a "job specification".

At the center of The Watchers (Harris's term for this secretive clique) stands Admiral John Poindexter. In 1983, while serving as national security adviser to President Ronald Reagan, Poindexter spent countless hours and government dollars trying to develop an electronic surveillance system that could scan mountains of digital data and tease out potential terrorist threats.
